President's Message: Deb Hockley

I'm so lucky to get the chance to say "hello" to you, and to say "congratulations" for making it through the winter. We did it: we survived it together. Way to go APCCA.

Together, not alone. This is a comforting thought. This newsletter means we have something in common. We share schools, back alleys, streets and sidewalks. We share the air that we breathe, the temperatures we feel, and the sun that we see. Our homes are mainly from the same era. Plumbing, windows, exteriors, and fences are all in the same stage of life. Maintenance, renovations, and landscaping are all on our minds. Some of us have kids, some don't. Some of us are young, some not so young. We understand without even knowing each other. We are connected. This should bring about a feeling of comfort and a reason to come out and celebrate June 1, 2013.

We invite you on Saturday, June 1, 2013 to a full day of fun and entertainment. The fields will be full of young soccer players and inside the gym will be activities to enjoy and people to meet. There will be live music for the first time due to the generous support from Saskatchewan Lotteries and Churchill Gardens. The day is guaranteed to be great.

To all the volunteers in our community you are awesome and we THANK YOU.

APCCA's mission is to create a sense of community and to improve the quality of life for all residents. To accomplish this mission, we offer leisure programs and social activities. To be successful we need to know your needs. Please contact us via our website, in-person or by phone. We hold monthly meetings from September-June, every second Tuesday of the month.

WHAT IS ALL THE TALK ABOUT?

(FALCON PARK-St. Philip School yard)

"We have talked about it for many years...and finally this is the year it is going to happen! We are actually going to build a new playground and revitalize our park! We have been chosen from over a thousand applicants across Canada as one of the 250 communities to receive a 2013 National Award from "Let Them Be Kids Foundation". The award will provide us with a 50/50 matching grant toward the purchase of playground equipment. Over the next few months we will be engaging the school, neighbourhood and church communities in improving our playground and park. On October 26th, 2013 (in one day!), volunteers will come together and raise a playground structure, as well as improve the park, creating a safe and fun place for children to play and neighbors to meet. We invite children, parents, seniors, neighbours, relatives, friends, citizens, businesses, public servants, service clubs, church communities and you to volunteer! We need your help and skills. Volunteers can expect a fun and uplifting day, hands on work, free food and drink and to make a difference in your community. Contact Roberta Hoiness Rhoiness@sasktel.net to register or for more information contact Marty Edwards at marty@martyedwards.ca 306-260-5609. Every dollar helps! We gratefully acknowledge all donations and will gladly issue a tax receipt for donations over \$10.00. Please contact Robert Jungwirth at 306-975-7417 for more details. Thank you!"

COMMUNITY HIGHLIGHTS

Great Neighbours.

So what makes a great neighbor? Really. Somebody who shovels the snow for you when you're under the weather? Someone who keeps your neighbourhood clean? Someone who cheers for your kid as they trip over the Tim Hortons soccer jerseys made for kids surely a few years older than yours? Someone who participates in community committees? Someone who has more flowers in their yard than Martha Stewart? The good news is that we have a lot of great neighbours soon to join us at the Churchill Gardens. They meet all the criteria above – except for shoveling snow. After all, they're moving there, in part, to get away from that pain in the back.

This is not an "old folks home" where the majority of folks shuffle by on their way to a bench, so you're not likely to see a lot of walkers and canes. This is a condo for empty nest adults where you're more likely to see them out tending the flowers in the front and the courtyard or having coffee while talking about the boat at their cabin. These are folks who enjoy their days at the lake and many of whom are fortunate enough to avoid our 8 foot drifts in the winter. That means they tend to have more time available than most of us, so let's make sure to take advantage of the opportunity to include their knowledge and experience in our community activities and planning. Who knows, it might even get you an apple pie one cold winter afternoon when you are under the weather.

APC BASKETBALL ALUMNI AND ST. PHILIP GRADUATE GIVES BACK

Written By: Jackie Thakore

APC Basketball has been thrilled to have one of our former APC basketball players volunteer to coach our APC Suns Mini Girls team this season. Meagan Koroll started her basketball career as an APC Boomer, playing community basketball from Grades 4 through 12. Her basketball career continued from there as Meagan went on to play with the St. Philip Falcons, the Holy Cross Crusaders, the University of Saskatchewan Huskies and the Medicine Hat College Rattlers. Meagan had many memorable basketball moments as an APC player. She remembers her coaches putting in so much time and providing a tremendous amount of support and guidance, but at the same time making the experience fun. One of the best APC memories was when her APC Boomers team wore pink socks and jerseys for their playoff run. These positive experiences influenced Meagan's decision to give back to her community through coaching, as she wanted to help young athletes develop and enjoy the same sport she did. I asked Meagan who some of her basketball inspirations were and she said, "I always looked to my teammates for inspiration. My twin sister, Lisa, was a huge part of my basketball career. She had a passion for the game that I always admired. Also, my friend and co-coach of the APC Mini Girls team, Brittany Bodnar, was an inspiration to me through my high school and college career."

Meagan said that she loves the relationships that she's built with the girls on her APC Suns team. She enjoys seeing their spirit and excitement when they score or learn a new skill. Meagan stills lives in the Adelaide Park Churchill neighbourhood and is currently attending the University of Saskatchewan with the intent of entering into the College of Education.

A huge THANK YOU to Meagan for all your dedication and hard work. You are an inspiration and a true community builder!
