Message from Deb Hockley (Past President)

IT IS TIME TO GATHER as a COMMUNITY on SATURDAY JUNE 2, 2018. Lets enjoy the day supporting one another, celebrating the beauty of our people , our culture, and our city.

Hello everyone! I hope you are enjoying this beautiful change of season. Every spring I am amazed at how our yard becomes enclosed by green! Trees everywhere. It is beautiful. Taking time to be thankful for this simple pleasure is so important.

Like our annual Family Fun Day, June 2 . Held annually, **Family Fun Day** provides us with a reason to step out of the house, and enjoy free entertainment within our community. Everyone is invited. We hope to get a chance to say "hello" and use this special day as a meeting place for you and your friends. Get ready to have fun watching, listening and taking part in the events that we have planned. You may be recruited to play soccer, have a game of crib, or jump in a potato sack challenge.

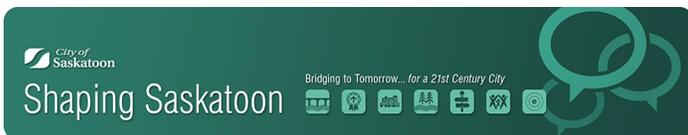

Community associations rely on volunteers. We plan activities and events that are affordable, accessible and meet the community's needs. This year we made a connection with JoeAnne, a participant in the STARS Rescue on the Prairies fundraising event. Partnering up will make our FUN DAY double special. Lets show how, WE, as a community, can help JoeAnne reach her fundraising goal . Community Associations have an ability to connect. Keep us in mind if you are involved in community building initiatives. Being efficient with volunteer time and understanding "power in numbers," is what we are all about. Consider joining our team of volunteers and help us build on the strength of people. Our core group needs to fill the following positions: Basketball, Soccer , Social Media coordinators and Treasurer. My hope is for another committed community member to take on the lead as APCCA President. I love our community and sense it is ready for a change! I look forward to the possibility of meeting the new President of APCCA at our Family Fun Day. You'll be awesome!

I would like to sincerely thank all of the APCCA board members, coaches, managers, instructors , parents, sponsors, community consultants, school administrators, and local businesses. The programs and services that we provide would not be possible without your keen desire to build a healthy community. We all grow from our experiences and challenges. Trying something new, stepping out of one's comfort zone is something we encourage! There is nowhere better to try your first Zumba class, your first coaching experience, or being treasurer than APCCA. APCCA has a volunteer position, a partnership, and a class recommendation for you. Stop by our Information table and we will help you out.

VOLUNTEER

See you on June 2. It is time to celebrate together and raise \$\$\$ for STARS ambulance.

All that's missing is U!

www.shapingsaskatoon.ca Shaping Saskatoon is making it easier for the public to communicate feedback and receive information. Shaping Saskatoon is a forum for sharing ongoing projects, topical discussions, and just connect with others who share your interests. You can also take surveys to help us, as a community, shape the future of how we work. The more public input we receive the better Shaping Saskatoon can become.

Our "Count Me/Us In" campaign is focused on looking ahead to the future and imagining who we want to be, what kind of world we want to live in, as well as what we need to do today to make that future a reality.

Our East Division neighbourhoods have seen an increase in bikes and tools being stolen out of back yard garages and sheds. Items like bicycles are a tempting thing for people to take. In many cases, they are used as currency in the drug trade, or are simply used to get from point A to Point B. We are seeing unlocked vehicles inside garages being rummaged through. Make sure you take your valuables out of your car, lock your car and then lock your garage. Invest in high quality locks, double lock your things, set your alarm systems and remove all your valuables. Visit the Saskatoon Police Service website and register your bicycle. #GetMyBikeBack

If you have community safety concerns please call:

Cst. Patrick Skinnider

East Community Liaison Officer #664 306-975-2267

JOIN US FOR A BURGER & SUPPORT STARS!

On Saturday June 2nd we will be raising money for a very important community organization – STARS! Whenever you see a bright red STARS helicopter fly overhead or even land in your community, a team of highly trained emergency care experts are giving hope to someone who is critically ill or injured.

STARS air ambulance is dedicated to providing a safe, rapid, highly specialized emergency medical transport system for the critically ill and injured. Since 1985, STARS has responded to more than 36,000 emergencies, providing the prospect of a second chance to those who may not have had one otherwise. As a non-profit organization, STARS operates on a shared-funding model where costs are paid through government funding, community fundraising, individual donors and corporate support. This year I'm honored to be part of **Rescue on the Prairies** event and I'm raising funds to support and say thank you to a very special and important part of our community. Please join me in my mission to raise \$50,000 and let's show our gratitude and support to STARS on June 2nd. Bring your appetite and your wallet! If you can't make it to our event, please visit my fundraising page and consider making a donation to my campaign.
