Beautifying the Neighbourhood Tips for safe handling of litter

As you head out to help do your part in keeping our neighbourhood clean, please stay safe while considering the following things:

- ❖ Your safety comes first. Don't pick up anything you are not comfortable with.
- ❖ Comply with physical distancing requirement of two meters (2m) from other people not part of your household.
- ❖ Use protective hand wear when collecting litter and make sure to sanitize hands and hand wear before touching your mouth, nose or eyes. Always wash your hands as soon as you return home or use an alcohol-based hand sanitizer if soap and water aren't available.
- ❖ If you find needles and don't have a container to put them in call Saskatoon Fire Department (306-975-3030) for needle pick up.
- ❖ Do not collect or dispose of any unknown liquids you may come across – do not pick up, touch or smell them; simply note the address, and let the City Customer Care Centre (306-975-2476) know.
- ❖ All trash should be put in a garbage bag and tied shut.
- ❖ All trash collected should be disposed of in the garbage, even if it is recyclable. Recyclable items should be considered as 'contaminated' so should not be put in the recycle bin.
- ❖ Use the trash receptacles in the parks in your neighborhood, or dispose of trash in your garbage container.

Thank you for doing your part to help keep our neighbourhood beautiful!

Maintain a safe physical distance

one park bench

Stay 2 metres apart at all times (you may have to move off the path to pass).

Practice physical distancing by walking alone or only with your family or the people you live with.

Avoid touching shared surfaces like benches and railings. Do not touch your face. Wash your hands when you return home.

Look ahead and choose the empty or least busy pathway possible.

Do not stop and talk with others. Walk alone and greet others with a smile or wave.

Playground structures are closed. Do not use.

No group sports and activities permitted (games, soccer, ball, etc.)

Do not use the park if you are sick. Stay at home.

Failure to practice physical distancing may result in loss of public access.
